WORK EXPERIENCE

CastleBranch

Wilmington, NC

Data Analyst

May 2022 - Present

- Demonstrate expertise in data cleaning and error resolution, identifying and rectifying corrupted data and coding errors to maintain the integrity of databases and data systems.
- Execute thorough data analysis, utilizing statistical tools to identify, analyze, and interpret patterns and trends within complex datasets, enabling informed decision-making for individuals, businesses, and organizations.

Autism Society of North Carolina

Wilmington, NC

Registered Behavioral Therapist

June 2020 - May 2022

- Provided direct client care in 1:1 and group settings, implementing a combination of intensive teaching and natural environment training arrangements.
- Executed prescribed behavioral skill acquisition and behavior reduction protocols, including the collection and recording of data for toilet training protocols.
- Demonstrated proficiency in collecting, recording, and summarizing data on observable client behavior while ensuring the maintenance of client confidentiality.

Robin Healthcare

Berkeley, CA

Medical Scribe

Oct 2018- May 2020

- Collaborated closely with a designated physician or allied health provider per shift, accompanying them during patient interviews and examinations, and meticulously documenting the dictated patient history, physical examination findings, and procedures performed.
- Accurately recorded results of laboratory and radiographic studies as dictated by the provider, ensuring precise documentation of the correct time for patient care-related activities and facilitating comprehensive chart rounds to review patient status and care-related issues.

EDUCATION

Wilmington, NC

University of North Carolina at Wilmington Bachelors in Science

PROJECT EXPERIENCE

Portfolio Website

Sep 2023 - Sep 2023

- Developed and implemented a fully responsive minimalistic personal portfolio website showcasing a collection of projects created using HTML, CSS, and JavaScript. The technique could be used to create websites or landing pages for clients.
- <https://pinkkingsaturn.github.io/>

Music Player

Aug 2023 - Aug 2023

- Designed and programmed a fully responsive Apple music-inspired web player that uses HTML, CSS, and JavaScript to play local MP3 files. It is able to be customizable and accessible to a client.
- <https://github.com/PinkKingSaturn/Music-Player>

Pixel Art App

Aug 2023 - Aug 2023

- A fully responsive web-based application that allows the creator to design and paint pixel art. This was developed using HTML, CSS, and JS. This app would be able to be turned into a phone application.
- <https://github.com/PinkKingSaturn/Pixel-art-app>
